

2022.04.04 New Product Release

**Sales Release of “Jet Dispenser LDH-J Series”
for Special Optical Property Resin**

We, AIMECHATEC, Ltd. (Head Office: Koyodai, Ryugasaki-shi, Ibaraki-pref. President: Isao Abe) are pleased to announce that we will start sales of New Product “Jet Dispenser LDH-J Series” as the new proposal for Inkjet Solution Business

This equipment was developed for the purpose of applying Special Optical Property Resin for Full-screen Display such as Camera and Notch installed in Smartphone and Tablet. We have already delivered the first equipment to our customer and started mass production.

By this process, Front Display can be Full-screen, Resolution of Entire Display can be maintained, Visibility can be improved, and Design can be further flexible.

As Smartphone is now forming the market of more than 1.3 billion units per year, and then it is expected that the demand of this equipment will increase from now on, such as replacement needs for 5G markets.

We will continue to contribute to the society by improving convenient and affluent lifestyle through our technological innovations for manufacturing processes.
Your continued kind support to our company is highly appreciated.
