

2024.3.8 News Release

**Operation Start for Process Development Center**  
**Nano-Lithotics Technologies Inc.**

We, AIMECHATEC, Ltd. (Head Office: Koyodai, Ryugasaki-shi, Ibaraki-pref. President: Isao Abe) are pleased to announce that we started operation of Ink-Jet Printing System in Process Development Center following the completion of renovation for the Clean Room for Nano-Lithotics Technologies Inc., our Joint Venture Company established with OPTORUN Co., Ltd. in July 2023.

We will successively create an environment for verifications with Micro-fabrication Nano-imprint System, Replica Mold Production System, Ink-Jet Printing System for Middle-size Mold, Deposition System, Etching System, etc. Then, we will promptly comply with the multiple customers' requirements such as Coating Process for various kinds of materials, Micro-fabrication Nano-imprint Process, as our "Mass Production Process Solution with Coating, Micro-fabrication, and Film Forming Etching Process."

We will continue to contribute to the society by developing Optical Devices such as Meta-surface Technologies and Smart Glasses that connect the present to the future through Nano-Lithotics Technologies Inc.

Your continued kind support to our company is sincerely appreciated.
